Kacee

Some comments attached. No comments on 14 dioxane looks great.  
John

Any comments on the methanol communications? I need to send this to Liz Blackburn today.

John and Vince –

Here are the communications plans for the release of the final assessments of 1,4-dioxane and methanol (noncancer). The chemical manager and Samantha have provided comments on the plan for 1,4-dioxane. Jeff Gift sent some comments on the methanol plan, which I've incorporated. It would be good to have another set of eyes on these before we send them to Arvin. FYI, I've sent the materials for 1,4-dioxane to Liz Blackburn already. I am hoping to send the methanol materials by COB tomorrow if possible and first thing next week at the very latest.
